PFC. Charleston G. Ladner Receives Purple Heart Award

PFC. CHARLESTON LADNER

(By Sergeant Joseph P. Donohue, a Marine Corps, Combat Correspondent)

Somewhere in the Pacific, (Delayed)—The Jap sniper who wounded Marine Private First Class Charleston G. Ladner, 19, of Waveland, Miss., didn't live to tell the tale.

"But I'm still doing fine and I hope to be home soon," said the young leatherneck, who has been awarded the Purple Heart for being wounded at Saipan.

An assistant Browning automatic rifleman, Ladner survived an attack by three Japanese tanks and later was unscathed when a Jap pinned down his unit with hand grenades.

Later the same action-packed afternoon Ladner was hit by a Jap sniper's bullet.

"The Jap is dead," the Marine said briefly in recounting his experiences.

Ladner, whose parents, Mr. and Mrs. Charleston A. Ladner, live at Waveland, attended Waveland grammar and Bay High Schools, and was employed as a plumber's helper at the Henderson Point Merchant Marine base before enlisting in the Marine Corps, August 25, 1943.

ORTTE THEATRE WED-THURSDAY "THIS IS THE LIFE"

The stage play by Sinclair Levi and Fay Wray, called "Angela Is 22" has been cut down to size for Susan Foster and Donald O'Connor. Angela is now 18, still thinking herself in love with a man about twice her age, and ready to give up a singing career for woman's rightful place in the home, Donald alias "Jimmy," is also 18, but quite willing to take the future in daily doses, so long as it includes Angela.

The story is allowed to take precedence over the attendant jitter and is provided by Peggy Ryan—as pert and agile as ever—Eddie Quillan, Frank Jenks, Ray Eberle and the Bobby Brooks Quartette. But it is to the credit of Bernard Burtin and Felix Feist, producer and director, that musical relief is rushed in whenever the plot begins to lag.

There are several top comedy routines, notably Donald's struggle with a double lemonade, and Frank Jenks' "Chestnut Street" number which raises laughs to a climax. O'Connor and Peggy Ryan do a Wild West song and dance with more than their usual exuberance. And, of course, Miss Foster shows the unusual range and power of her voice in several selections, from opera to an old favorite, "With a Song in My Heart."

WAR-FUND DRIVE \$3375 TO START OCTOBER 9 THROUGH 28TH.

Mrs. George R. Rea has been named Hancock County War Fund Drive chairman and the drive is scheduled for October 9-28 with a quota of \$3375 for the county.

This is the official OWI expansion of the National War Fund. "Every community in the United States is presenting this fall for the second time in history a United War Fund appeal for the 22 war related agencies comprising the National War Fund, and for the home front agencies of local community chests. The total objective of some 10,000 of these federated campaigns will be in excess of \$250,000,000.

At one time and with a single gift Americans may contribute to the vital welfare needs of their individual community, to the well being, comfort and happiness of relatives in the armed forces and to emergency relief for innocent victims of war among the united nations.

The contributions to any of these community War Funds is a gift that goes to every front.

Mrs. Rea is formulating plans to put over this drive within the dates specified and is asking the cooperation and volunteer services of organizations and individuals to call that Hancock County meets its quota.

Your boys need your help now as much if not more than ever. Don't think that because Victory seems nearer at hand than it did when you were last called upon that those loved ones of yours do not need your help.

Names of committees and their territories will appear in next week's issue of the Echo and it is hoped that those appointed will accept the responsibility and put forth every effort to make this quota for "Our Boys."

Second Anniversary Of Establishment Of U. S. Merchant Marine Base Celebrated Saturday, Sept. 16

Saturday, September 16, 1944 marked the second anniversary of the establishment of the U. S. Merchant Marine Cadet Basic School at Henderson Point, Pass Christian, Mississippi. Just two years ago the tremendous job was started—it still progresses. The famous reser, INN-BY-THE-SEA, was purchased by the War Shipping Administration and occupied by the Cadet Corps Unit in September of 1942.

The golf course was filled and graded and is now Webb Field, the parade ground. One by one the old buildings were razed and permanent structures erected in their places. Many new sites were occupied by buildings; Conway Hall, the gymnasium, Riesenberg Hall—a classroom building, Louis Hospital, Ericsson Building, the machine shop and engine laboratory, LaFollette Barracks, Schmeltzer Building—the carpentry shop, and even now a modern, spacious Cadet-Midshipman barracks and administration building is being constructed as one of the last of the old buildings is being demolished.

The entire base celebrated its anniversary and its progress as Saturday dawned fair and pleasant—a typical early fall day on the Mississippi Gulf Coast. The day began with a formal inspection by the Commanding Officer—then moved to a lighter vein as athletic, competitive games got underway. Swimming, water polo, boat races, softball, obstacle course races, competitive infantry drill an exhibition by the drill team and finally the Grand Ball. There were handsome trophies for the winning sections and a date for each Cadet-Midshipman as nearby Bay St. Louis, Pass Christian and Gulfport sent their loveliest young ladies to lend their charm to the occasion. The station band provided the danceable rhythm. Sandwiches, punch and cake were served to all and, as the National Anthem officially ended the celebration at midnight, all present hoped for many more prosperous anniversaries for the U. S. Merchant Marine Cadet Basic School at Pass Christian.

Organization of New Cub Den of Boy Scouts

A new Cub Den, sponsored by Scout Troop 203 and the Knights of Columbus is being organized with Mrs. W. V. McDermott acting as Den Mother.

The group will meet every Wednesday afternoon at the home of Mrs. McDermott.

All eligible boys are urged to join and prepare themselves for their future as outstanding scouts.

The plan of the Cub Committee is to teach each boy to rely upon himself and to have some preparatory training so that when they are of age they can be transferred into one of the regular scout troops.

Parents should recognize the advantages of such preparatory training and organized play and urge their children to join this movement.

Home On Furlough

Aviation Cadet James W. Parker arrived from Santa Ana California for a ten-day furlough which he is spending with his parents Mr. and Mrs. Walter Parker at their home in Washington Street.

Cadet Parker has recently received appointment as flight lieutenant in the Aviation Cadet Corps and in this capacity assumes command of his flight of Aviation Cadets.

He is a graduate of Bay High in the class of '41 and was employed in the signal department of the L. & N. Railroad before entering the service in February 1943. In November of this same year he received his appointment to the University of Minnesota for College Detachment Training and from there he was sent to Santa Ana where he was classified as a pilot for aircrew training. He will complete this course and receive his wings in January of 1945.

Bay St. Louis swells with pride at the rapid progress made in training of this splendid boy and others of our boys and are wishing for his continued success.

A Hero From DeLisle

Last Friday night the many friends of the popular Sergeant J. C. Nease of DeLisle, Miss., were assembled at Gulfport Radio Station to hear from Mons (Belgium) the thrilling story of his heroism. Under orders he had to maneuver his men into dangerous crossings of five rivers in face of a murdering German fire and he did it with quite a marvelous success. In one of his crossings he had three men killed near him and two wounded and when they asked him on the radio if he was afraid he simply answered truthfully and in a humble way that "Certainly he was." His answer denoted a great soul filled with truthfulness and humility, in fact the image of a real hero.

May Almighty God protect him and may his numerous friends have the pleasure to meet him again.

Hospital Membership Drive

Mrs. A. Vassalli chairman of the Membership Drive for the local Kings Daughters Hospital is making an appeal that all dues be sent in as soon as possible. The dues should be in by the last of this month.

Due to gas rationing etc., Mrs. Vassalli was unable to make a house to house canvass this year, but instead, sent out cards to each and every member.

We should realize the advantage of having such a fine Hospital in our community and cooperate in this most urgent drive.

Anyone wishing to become a member is cordially invited to do so.

The community must be fully represented in the War Council and meetings will be called from time to time when these problems arise. Only necessary things will be brought before the council.

The new books will contain six coupons of each series, each coupon worth four gallons.

No. 13 stamps in new book valid September 22, 1944.

Rationing rules now require that every car owner write his license number and state on all gasoline coupons in his possession, as soon as they are issued him by his rationing Board.

Good news comes to housewives of Hancock County in the announcement that many more rationed foods have been removed from the point way out. Mr. Gregory, Chairman of the Hancock County War Rationing Board, said today.

In making this announcement Mr. Gregory urged that blue tokens be spent as quickly as possible as they will be of no value after October 1. The order which becomes operative on September 17, removes jams and jellies, preserves, fruit butters, canned and bottled asparagus fresh lima beans, corn, peas, pumpkin and squash mixed vegetables, canned baked beans tomato sauce, tomato paste and puree, all kinds of soups and baby foods.

In addition to the above items all canned and bottled vegetables including green and wax beans, beets, carrots, spinach and greens will continue to be sold point free.

Two actions taken today by the Office of Price Administration are designed to ferret out any "hidden" civilian tires which some dealers might be holding back for favored customers.

The actions require that dealers sell any new tire in tire inventories, of any size, to any person who presents a valid tire rationing certificate and the purchase price and that tire dealers who sell to consumers post daily inventories of their stocks of tires size 8.25 or larger, of which there is a critical civilian shortage now.

OPA said numerous complaints had been received in the Southeast that some tire dealers were representing to ration, certificate holders that they had no tires for sale when, in fact, they did have tires available. As a result, many persons who had been found to be in need of new tires and who had been issued certificates by their local War Price and Rationing Boards, were unable to buy tires.

With civilian tire supplies, particularly in the larger commercial sizes, at the present critical stage, such discrimination by some dealers was hampering a fair rationing program, OPA charged.

Major W. E. Holcomb, District Director, announces that a Bill of Complaint was filed by the Office of Price Administration in the Federal District Court for the Hattiesburg Division of the Southern District of Mississippi today against Jack Spiers of Columbia for alleged above ceiling price sale of liquor.

The Bill which alleges that Spiers was engaged in the wholesale liquor business cites sixty-three specific sales at prices in excess of those prescribed by OPA.

In addition, the Bill of Complaint alleges that Spiers sold 20,855 cases of liquor between July 1, 1943 and February 29, 1944 at prices in excess of ceiling prices to numerous other people which made an overcharge of \$594,367.50. The total damages claimed in the Bill of Complaint aggregate the sum of \$1,892,261.50.

According to OPA Spiers had previously been indicted on August 14, 1944 by a Grand Jury at a special term of Court held in the city of Jackson.

The indictment charges Jack Spiers, and Ollie Robertson with a conspiracy to violate the laws of the United States. The indictment is in ten counts charging the defendant with willfully violating ceiling prices in the sale of distilled spirits, OPA said.

Awarded Bronze Star For Bravery

PFC. JAMES KIMMELL

From a recent official publication we have the information that Pfc. James F. Kimmell was one of three medics who under heavy fire, which had forced all others to take cover, had treated two tankmen and directed them to safety. They worked for fifteen minutes to remove the third man through the forward driver's hatch. At one time, enemy fire made them get under the tank but they emerged to evacuate the wounded man on a litter jeep.

Later advices gave the information that Pfc. Kimmell together with a number of enlisted men had been awarded the Bronze Star "for bravery in action in Northern France."

Pfc. Kimmell better known to his friends here as "Red" is the son of Mr. and Mrs. Ed Kimmell of this city.

He attended Bay High and was for sometime connected with the Radio Electric Shop. He entered the service in Medical Army Battalion in March 1942 and went overseas in February 1944.

In a letter to Mr. John Mollere of the Echo he says "I have been in France since the Invasion and have been sweating things out ever since. A prayer comes in handy over here. The ship that brought us over the channel was sunk by mines. We were all saved but it was an awful feeling to be on it. We hit the beach about 2 o'clock and things have been happening since. I bet I have dug 600 fox holes, so far, and what ground to dig in. I have had two copies of the Echo and read every line."

We are proud to hear these fine things our boys are doing and everyone should be offering up prayers daily for our gallant boys. Remember what "Red" says about a prayer

Slightly Wounded in Action

Mrs. J. Roland Weston is in receipt of a wire from the War Department advising her that her son John McC. Weston was slightly wounded in action in France on September 1. He was awarded the Purple Heart which has been sent to his mother.

out in a hurry. Keeping Junior in footgear is a major problem for many a mother these days—but it needn't be. OPA has made provision to cover hardship cases. So if you haven't a ration stamp in the household that can be spent for your child's shoes and he has less than two pairs of wearable and repairable shoes, go to your local War Price and Rationing Board. They will issue an extra shoe coupon.

The following editorial was carried in the Star Herald, Kosciusko, and in the Jackson Daily News. This editorial has much merit and is worth reprinting in any newspaper.

YOUR RATION BOARD

"It's a popular pastime with many of us to criticize our local Ration Board, to complain about discrimination and incapable administration. 'We forget that these faithful servants work for a salary of just exactly nothing. They accept our thoughtless and groundless charges against them with patience and tolerance, discharging their duties fearlessly. They are not governed in their acts by prejudice nor arbitrariness. They are bound by certain prescribed rules which they must observe. If you do not get that extra gas you want you might learn by looking into the matter the board has no authority to issue it to you. No doubt they would gladly have issued it to you could it have been done in compliance with regulations. 'The personnel of the ration boards as a whole usually assays high. The type of men are patriotic enough to give their efforts to the cause and subject themselves to the unjust criticism of their neighbors is such as to assure they have no selfish or ulterior purpose, but are only giving their best to the war effort.

"Every good citizen will think twice before condemning the faithful workers. They need your cooperation and sympathy, which will enable them to do a better job."

GOLD STAR MOTHER

THE 74th Congress by resolution, designated the last Sunday in September as "Gold Star Mother's Day." Sunday, September 24th is the day set aside as a special tribute to mothers whose sons have died in the service of their country.

This was a great gesture honoring American Mothers whose sons have paid the supreme sacrifice.

MOTHER, to us, signifies courage. No human being is more courageous than a mother. She can endure suffering to the breaking point, overcome trials and tribulations without ever a word of complaint. Her happiness lies in her family—in her children, the children she stood at death's door to bring into this world; the children she has nursed and cared for from birth. She has made sacrifice upon sacrifice for their welfare. In many instances doing without the necessities of life so that they might have—never looking for her own welfare, thinking only of them. Unselfish, a loving and true mother.

Along comes the day when war is declared, and the boy whom she loved so much; whom she has pampered and cuddled from childhood, is called to arms. To her he is still a child. It is hard for her to realize that he is a man, a soldier, engaged in a mighty conflict in the defense of his country.

She knows that death is stalking his every footstep. She prays constantly, asking God to protect him and return him safely to her. She remains at home, having lost interest in the things she formerly enjoyed. She waits patiently for news, hoping that each mail will bring that much delayed letter.

She hears footsteps—news at last! Yes, news. A trembling voice gently breaks the sad news to her that the War Department has advised that her son has been killed in action. Stunned by the shock, she apparently has lost all of her courage. She seems to feel that God has forsaken her. A little bitterness may creep into her heart.

Finally, she is able to be herself for a moment—she thinks of that just and omnipotent God. She offers a prayer for her beloved son, and as the words, "Our Father who art in Heaven, hallowed be Thy Name, Thy Kingdom come, Thy will be done on earth as it is in Heaven," fall from her lips, she comes to the realization that the will of God has been done, and that she must be subservient to his wishes.

She soon realizes that she is not alone in her suffering, that many other brave and unselfish boys have given their lives to preserve for us and for future generations, the Freedom and the Liberty we so greatly enjoy. She is thankful that hers is a country where she had the opportunity to inculcate into the mind of her child a belief in, and to love, honor and serve God. And, with those thoughts in mind, she is comforted in the word of our Lord: "I am the resurrection and the life; he that believeth in me, although he be dead; shall live; and everyone that liveth and believeth in me shall not die forever."

Do not forget this mother, nor her son. They have both given their all for you—she, her loved one; he, his life. Go to church on Sunday and offer your prayers for both. For the mother, that God may aid her in her hour of sorrow; for the son who, whilst he lived prayed that the will of God might be done; that he may not receive punishment for his misdeeds; that as true faith united him to the ranks of the faithful, so in heaven, by the mercy of God, he may have fellowship with the choirs of angels.

FROM EUROPE TO THE FAR EAST

IN announcing its plan for partial demobilization when Germany is beaten, the Army emphasizes that the rate of return of surplus men from overseas will depend upon the number of ships available. Thousands of ships "will be required to supply the Pacific theater," and "all else must wait."

The War Department gives some idea of our future military plans when it says that "millions of fighting men, millions of tons of landing barges, tanks, planes, guns, ammunition and food," must be sent to the Pacific Theater "over longer supply lines" than those to Europe.

It is bluntly stated that most of the ships and planes used in the European theater will be needed to supply the Pacific war fronts and that "the majority of ships proceeding to Europe will continue on to the Pacific laden with food and supplies for that distant campaign." Very few ships will turn around for a return trip to the United States and it may take many months to secure transportation for all surplus men to the United States.

It should be understood that troops in the Pacific area will have the same standard applied to them and that a number of the men in the Far East will be returned as rapidly as replacements are available, transportation possible and the military situation permits.

NO DAY OF PEACE

NEARLY every individual is interested in trying to anticipate the collapse of Germany and many friendly wagers are being placed as to the date when Germany will surrender.

The prospect, however, is that Germany may not officially surrender at all. Nazi armies may be defeated in the field, cut into segments and gradually eliminated as fighting forces. The Allied armies may steadily advance into German areas, assuming control of the territory occupied and mopping up whatever local resistance that is encountered.

In this process, the Allies would eventually occupy all of Germany, but the process would take some time. The fighting would be of a minor nature, but of a nasty type, involving many casualties. Without an official surrender, there could be isolated resistance in Germany for many months after the Nazis lose their power to fight effectively as a military organization.

Know How...

274 Years of It!

Two hundred and seventy-four years in the natural gas business!

Think of it—more than two and one-half centuries of knowledge and experience. That takes us back to more than sixty years before George Washington was born... to a century before our nation was established in the name of liberty and freedom.

This extensive span of years represents the combined years of service in the natural gas

business of the eleven district managers of our companies.

That's a long, long time! It accounts for the "know how" so necessary in maintaining dependable natural gas service. And now this experience and knowledge, united with that of all our employees, are dedicated to the war effort... protecting and making secure the liberty and freedom that are our American heritage.

Helping to win the war is STILL our No. 1 Job!

AT A. & G. THEATRE SUNDAY AND MONDAY "MR. SKEFFINGTON"

Bette Davis Brilliant Wife Of 'Mr. Skeffington'

The finely-etched portrait of a mischievous, shallow, albeit beautiful woman, which Bette Davis, the screen's most accomplished and versatile actress, brings to vibrant life in "Mr. Skeffington" the Warner Bros. adaptation of the best-selling novel by "Elizabeth," is surely one of the most important characterizations this fine star has yet vouchsafed us.

Hand Miss Davis a role into which she can sink her histrionic teeth and you are assured an entertainment of extraordinary calibre. In "Mr. Skeffington," she is seen as Fanny Trellis, vain and gorgeous society queen of the year's immediately preceding the first World War.

Upon the poignant, extraordinary moving account of the life and times of Fanny Trellis, later Fanny Skeffington, Warner Bros., with acumen characteristic of this sensitively-attuned studio, has lavished a remarkable cast.

Claude Rains, in the title role of Mr. Skeffington, contributes a jewel of a performance, many-faceted and resourceful, a gem of restraint and quiet dignity. Walter Abel as George Trellis, Fanny's insouciant, likable, well-meaning cousin, gives further evidence, if such is needed, of a fine talent. The newcomer Richard Waring, whose star is justifiably on the ascendancy, handles

the difficult role of Fanny's heartless, irresponsible brother with great feeling, and there are still other outstanding characterizations by Majorie Rindard as Fanny Jr., the charming, much-neglected daughter of a selfish, unthinking mother; George Coulouris, seen briefly but tellingly in the role of an outspoken psychiatrist; John Alexander, Peter Whitney and Jerome Cowan, as suitors of the irrepressible Fanny.

Against a backdrop of twenty-six highly eventful years, the fabulous Fanny Skeffington struts out her life, her rococo, post-Victorian parlor is the gathering spot for 1914 society—for the women who come to stare and the men who gather to bask in her beauty.

Renew Drivers' Licenses Expiring in September Now

Miss Lena Brock, director of the Drivers' License Division, reminds persons holding drivers' licenses expiring in September, 1944, to renew promptly in order to avoid the last minute rush which will cause delays and possibly greater inconvenience. If those renewing drivers' licenses would apply through the sheriff's offices or the city clerks, it would avoid the necessity of running the risk of sending money in the open mails, and also assuring better service.

Everyone applying for an original driver's license and holding a receipt from a patrolman will please contact the Jackson office if he has not received that license within 30 days, sending the receipt in order to supply full information for the purpose of locating the application.

Thinking Americans Today...

ARE NOT TOO FREE WITH FREE SPEECH

Since our republic was founded, no privilege has been guarded more jealously than the right to talk things over—a right for which men had fought in vain for centuries. The more viewpoints discussed, the clearer our national vision and the stronger our national unity.

Today, public opinion in America asks us all to protect our privilege. It warns us

against spreading rumors thoughtlessly or circulating information helpful to the enemy. It urges us to challenge the person with "inside information on the war" by asking him, "Where did you get your facts?" It reminds us that the enemy lays important plans by piecing together little scraps of offhand information. There is no such thing as unimportant gossip.

When a product maintains the character that people respect, they are quick to demand it. Generations ago, the makers of Budweiser set a standard—distinctive in taste, pure, good and distinguished for its uniform quality. That's why people everywhere have agreed that Budweiser is "something more than beer." No wonder it is the most popular beer in history.

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and Textiles—to name a few.

ORTIE THEATER SUNDAY-MONDAY "THE WHITE CLIFFS OF DOVER"

M-G-M's "The White Cliffs of Dover," which plays Sunday at the Ortie Theatre, is a powerful love story which spans the years of World War I and II. It is also a triumph for Irene Dunne, last seen in "A Guy Named Joe."

As an American visitor in England, Miss Dunne meets Alan Marshall in England. She falls in love with him immediately, and after a brief courtship marries him. Their love is idyllic, but it is interrupted by the outbreak of war. Marshall answers the call to arms and never gets a chance to see his son.

Time passes quickly and another World War has interrupted many a peaceful home and fireside. Again Miss Dunne makes a sacrifice, this time sending her son off to combat against the Nazis. But this is not all. She gives unselfishly of her time, spending days and nights on Red Cross duty in a British hospital. Her son is brought to the hospital mortally wounded, and with her at his side he breathes his last.

Miss Dunne's performance is by far the greatest in her cinematic career. She gives the warmth and color to a role that requires the utmost in perfection. Supporting her are Alan Marshall, who also gives a

sterling account of himself as her lover and husband; Frank Morgan, as her father; Roddy McDowell, as her son in youth, and Peter Lawford, her son grown up. Also, there are such fine actors and actresses as C. Aubrey Smith, Dame May Whitty, Gladys Cooper and Elizabeth Taylor. Clarence Brown directed with sympathetic understanding for all the characters. The production by Sidney Franklin is of the finest quality.

C. O. DUFOUR,
Marshal and Tax Collector,
Town of Waveland, Mississippi.

Where does a job *come from, pop?*

A job, little sister, comes from a pocketbook. The bigger the pocketbook—the bigger the number of jobs.

Take right now, for example. There are more jobs than there ever have been in the history of our nation. Everybody who wants one can have one.

The pocketbook belongs to WAR... the biggest, most cruel war in history. War opens its pocketbook ten thousand times a day—to buy planes and ships, bombs and tanks.

War wants what millions of men can make. And in return for making, war pays well—that is in money.

"Is war the only pocketbook big enough to make jobs enough?"

No. *What one big pocketbook can do—millions of small pocketbooks can do... without the hell of missing husbands and missing sons.*

They can if the millions of people who own those pocketbooks make up their minds that part of what they earn *today* belongs to *tomorrow*—and live that way.

They can if the millions of working people who represent the great American majority make up their minds never again to leave America's prosperity up to anyone else but themselves.

They can if they realize that Uncle Sam's pocketbook *cannot* keep right on spilling out jobs after the war is won.

We—you, me, the neighbor next door—are the only ones who can provide those jobs, by buying Bonds which we can trade in after the war, for the things we want.

WAR BONDS *today are* **JOB BONDS** *tomorrow*

Every time you open your pocketbook... take out money and buy something, you make a job... or a hundred jobs.

When—later on—your Bonds buy a washing machine, car, or refrigerator—you put men on the job. Yes, millions of men. Miners dig ore. Smelters refine it. Trainmen ship it. Pressers roll it. Electricians get busy. Lathe operators and welders pitch in. Then truckers and sales people.

Buying Bonds—more than before—may not be the easiest job in the world. For it's tough to get along on what you *need*—when it's easy to have what you *want*.

Yes, it's tough, but your postwar job is *worth it*.

TREES

R. G. LeTourneau, who operates a large manufacturing plant near Vicksburg, is giving the country a demonstration of clearing land and removing the timber by machinery. He owns around 7,000 acres of timbered land in Mississippi and Louisiana near his plant. This is One Thing
You Have to Do Yourself

The fellows were talking politics at Squire Mason's store the other day when Bert Childers made a remark that hit the nail squarely on the head.

Bert said: "I don't care if it's a national or a local election and I don't care how anybody votes. All I care is that you do vote and don't stay home and let the other fellow do it for you."

We all agreed on that. Then up spoke Squire.

"The right to vote, and vote secretly is the real basis of democracy—the very thing we're

fightin' for. A man or woman that don't think enough of his country to go to the polls and express his opinion is aidin' and abettin' those who would attempt to destroy our government."

Bert and the Squire are right. From where I sit, every true American should go to the polls Election Day and express his free opinion on every question.
